The **STAR PROGRAM** is for dancers in 1st-4th grade designed for students with prior dance experience that demonstrate the focus and facility to progress at a faster pace. STAR program dancers take 2 required classes per week (1 ballet and 1 jazz) and participate in our production of The Nutcracker.

**COMPANY** provides higher-level training and additional performance opportunities for dancers who want to dedicate their time to dance. Company is a versatile dance program focused on strong technique with foundations in classical ballet. Additional training in other disciplines such as jazz and modern/contemporary help our dancers to be well-rounded. Company requires additional time and financial commitments beyond recreational dance classes. Dancers are eligible to audition for Company in 4th grade and are required to take a minimum of 4 classes per week. Company dancers perform in a Fall Ballet, The Nutcracker, and the Spring Dance Recital, as well as participate in community, volunteer, and social events.

**COMPETITION** requires the highest commitment of time and finances, ranging from 4-6 classes per week, plus some weekend rehearsals. DMA attends 4 regional competitions in the Spring, however, it is a full school-year commitment. Only dancers that are certain they want to dedicate their time and prioritize dance over other extracurricular and social activities should audition. Our focus is on artistry and technique, with choreography, costumes, music, and movement that is age-appropriate. Competitive dance allows students to work hard to reach goals, perform frequently, learn good sportsmanship, practice grace under pressure, and be inspired by others. Dancers are eligible to audition starting in Kindergarten.

AUDITIONS have already been held for this season. If you are new to the area and would like to inquire about joining, please email our office.
